

PUBLIC ENTERPRISE  
„ROADS OF SERBIA“

REPUBLIC OF SERBIA  
ROAD REHABILITATION AND SAFETY PROJECT  
EIB Loan No. 82.640 and 96.962

**INVITATION FOR TENDERS (IFT)**

**HEAVY MAINTENANCE (UPGRADING) OF THE STATE ROAD IB 22  
SECTION: UŠĆE – RAŠKA (KOSOVSKA MITROVICA)  
FROM KM 203+570 TO KM 235+876  
L=32.306 KM**

**CONTRACT ID NO. RRSP/RRW-IB22UR/2024-02**

1. The Republic of Serbia has received financing from the European Investment Bank (EIB) toward the cost of the Road Rehabilitation Project, and intends to apply part of the proceeds toward payments under the contract for Heavy Maintenance (Upgrading) of the State Road IB 22, Section: Ušće – Raška (Kosovska Mitrovica), from km 203+570 to km 235+876, L=32.306 km, Contract ID No. RRSP/RRW-IB22UR/2024-02. The General Conditions of Contract shall be the "Conditions of Contract for Construction for building and engineering works designed by the employer", 1<sup>st</sup> edition 1999, prepared by the Fédération Internationale des Ingénieurs-Conseils (FIDIC). This contract will be jointly financed by the European Investment Bank and Republic of Serbia. Tendering process will be governed by the EIB's rules and procedures.
2. The Public Enterprise "Roads of Serbia" (hereinafter referred to the Employer) invites sealed tenders from eligible and qualified tenderers for heavy maintenance (upgrading) works consisting of the following:
  - Preliminary works which include marking the axis of the road before the start of the work, removal of shrubs, trees, branches and stumps, demolition of existing elements such as asphalt pavement and gutters, sidewalks and concrete curbs, wire fences and New Jersey, manual excavation of investigation tranches (underground installations), cutting the asphalt, scraping of asphalt layers, repair of damages (mash and block cracks), formation of construction site, temporary facilities, guard service, construction site board and fence etc.;
  - Substructure works which include topsoil removal, excavation, subsoil treatment, construction of embankment, ditches, shoulders and berms etc.;
  - Improvement of drainage system works which include works on drainage system surface drainage, construction of drainage ditches, subsurface dewatering-drainage, closed drainage system and making manhole, as well as placement of concrete curbs and construction of gutters;
  - Superstructure works which include pavement construction on access roads; works on improvement of pavement (construction of unbound, cement stabilized and bituminous bearing course, and construction of wearing asphalt concrete course) ;

- Works on structures (bridges, culverts and retaining walls) which include milling of the existing asphalt layer, construction of new slab over existing, construction of edge and mounting wreaths, construction of revision and pedestrian paths, construction or replacement of waterproofing, construction of asphalt layers, demolition and reconstruction of the curbs, repair of the bearings, repair of the expansion devices, concrete and concrete surface repair works, metalworks, bridge drainage, replacing of fences and guardrails and repair of existing culverts (cleaning, excavation and concrete works), slope protection and slope rehabilitation;
- Roadside arrangement and placement of traffic signalization and road furniture;
- Installation of cable network 1 kV and 10 kV, overhead network 1 kV and 10 kV which includes dismantling overhead networks, supply and installation of materials, electrical works, etc;
- Protection and relocation of telecommunication installations and structures which includes supply and installation of materials, etc.

The Works will be performed under traffic with a strong emphasis on maintaining safe conditions for both the flow of traffic and works in progress.

The construction period is 22 months.

The Tenderer should meet the following qualification criteria and capabilities:

**Financial requirements**

- Submission of audited balance sheets or if not required by the law of the Tenderer's country, other financial statements acceptable to the Employer, for the last 5 (five) years to demonstrate the current soundness of the Tenderer's financial position and its prospective long term profitability. In the case of JV, each partner must meet the requirement.
- Minimum average annual construction turnover of 2,500,000,000 (two billion five hundred million) RSD equivalent, calculated as total certified payments received for contracts in progress or completed, within the last 5 (five) years. In the case of JV, all partners combined must meet the requirement, the lead partner must meet 50% (fifty percent) of the requirement and each other partner must meet 25% (twenty-five percent) of the requirement.
- The Tenderer must demonstrate access to, or availability of, financial resources such as liquid assets, unencumbered real assets, lines of credit, and other financial means, other than any contractual advance payments to meet the following cash-flow requirement: min. 520,000,000 (five hundred twenty million) RSD equivalent. In the case of JV, all partners combined must meet requirement, the lead partner must meet 50% (fifty percent) of the requirement and each other partner must meet 25% (twenty-five percent) of the requirement.

**Experience requirements**

- General experience – Experience under contracts in the role of contractor or management contractor for the last 5 (five) years prior to the tender submission deadline, and with activity in at least 9 (nine) months in each year. In the case of JV, each partner must meet the requirement.

- Specific experience:
  - Participation as contractor or management contractor in at least 2 (two) contracts, within last 5 (five) years, each with a value of at least 1,800,000,000 (one billion eight hundred million) RSD equivalent that have been successfully and substantially completed and that are similar to the proposed Works. In the case of JV, all partners combined must meet the requirement, the lead partner must demonstrate at least 1 contract out of 2.
  - For the above or other contracts, a minimum experience in the following key activities: production and laying of asphalt mixtures (asphalt concrete and bituminous base) not less than 40,000 tones/year in the last 3 (three) years calculated as average during the specified period. In the case of JV, all partners combined must meet the requirement.

Above and all other qualification requirements related to the eligibility, litigation history, and technical capabilities are specified in the Section III Evaluation and Qualification Criteria of the Tender Documents.

3. Tendering will be conducted through the International Procurement Open Procedures specified in accordance with the “Guide to Procurement for projects financed by the EIB” issued on July 05, 2024 and available at the following link: <https://www.eib.org/en/publications/20240132-guide-to-procurement-for-projects-financed-by-the-eib>. Tendering is open to all eligible tenderers as defined in the Guide. In addition, please refer to paragraph 1.5 setting forth the Bank’s policy on conflict of interest.
